AEA Annual Scientific Meeting 2023

How epidemiology can ensure healthy lives for all

Pullman on the Park, Melbourne VIC
Wednesday 18 to Friday 20 October 2023
#AEA2023 | www.aea2023.com

CALL FOR ABSTRACTS

INVITATION

We invite abstract submissions for oral and poster presentations at the Australasian Epidemiological Association (AEA) 2023 Annual Scientific Meeting to be held at the Pullman on the Park, Melbourne from Wednesday 18 to Friday 20 October 2023.

High quality, user-friendly evidence is essential to support the development of good health policy as well as evidence-based clinical and public health practice. With its theme 'How epidemiology can ensure healthy lives for all', the focus of the 2023 AEA annual scientific meeting will be on the best methods to generate reliable evidence and the ways in which we can facilitate translation of this into policy and practice.

The conference will feature expert national and international speakers presenting under this theme. It will also highlight epidemiological investigations undertaken across a range of settings including academic, government and non-government organisations.

Abstract submissions close
Friday 26 May 2023, @ 11:59pm AEST

ABSTRACT SUBMISSION

We welcome submission of abstracts for oral and poster presentations at the meeting. We will consider all abstracts with relevance to epidemiology and will ask that you nominate which of the topic areas listed below best fits your abstract.

All abstracts are to be submitted electronically using the online facility on the [2023 AEA Annual Scientific Meeting](#) website. Select the Abstract Submission tab and follow the prompts.

All presenters must register and pay the registration fee at the time of confirming their acceptance of their presentation offer.

ANNUAL SCIENTIFIC MEETING TOPIC AREAS

The three-day program has been designed to provide lively and productive discussions and contributions from all professionals engaged in epidemiology. We invite you to submit abstracts related to research, policy or practice under the following session themes:

ANNUAL SCIENTIFIC MEETING SUB-THEMES

1. Epidemiology to identify and reduce health disparities;
2. Epidemiology practice in resource limited settings;
3. Novel epidemiological methods;
4. Communicating & sharing epidemiology research to maximise impact.

PRESENTATION TYPE

Long Oral Presentations: Presenters have a total of 10 minutes to present. Abstract submitted must have clear learning objectives and outcomes. All presenters must provide a pre-recorded presentation. Face-to-face presenters will have time for Q&A, once all presenters have delivered their presentations.

Rapid Fire Presentations: Presenters have a total of 6 minutes' presentation time using up to 6 PowerPoint slides (including title slide). All presenters must provide a pre-recorded presentation. Face-to-face presenters will have time for Q&A, once all presenters have delivered their presentations.

Conversation Starter Presentations: Presenters have a total of 3 minutes presentation time using a maximum of 4 PowerPoint slides (including title slide). Presenters should give the ultimate elevator pitch. Think about how to best engage the audience to continue the conversation with you out of session. All presenters must provide a pre-recorded presentation. If time allows, Face-to-Face presenters will have time for an open group discussion, once all presenters have delivered their presentations.

Early Career (EC's) - Workshop Presentations: Early Career Researchers can submit an abstract addressing an issue that you would like guidance on. These will be conducted as live discussion sessions with involvement of other ECR's, and will be guided by a senior epidemiologist. No pre-recorded presentation is required. (Refer to website for template and submission instructions)

ABSTRACT REQUIREMENTS

- The abstract title should be no longer than **12 words**
- The abstract should be a **maximum of 350 words** in simple text paragraphs without images or tables.
- The abstract should include sub-headings in relation to the chosen domain; suggested headings are below:
 - **Research:** Background, Methods, Results, Conclusions
 - **Policy / Practice:** Context, Process, Analysis, Outcomes
- All presenters must register and pay the registration fee at the time of confirming their acceptance of their presentation offer.

All abstracts will be subject to peer review. It is the submitting author's responsibility to ensure that all of their co-authors have agreed to be named and that the abstract uploaded to the server is the correct version. Abstracts submitted for presentation will be published exactly as received and should be checked for spelling and grammar prior to submission.

**Abstract submissions close
Friday 26 May 2023, @ 11:59pm AEST**
